ETH-SOM-005
Assessment

Dear Sir or Madam,

In my capacity as Chair of the Ethics Committee at LMU Munich School of Management, I am sharing the assessment of the Ethics Committee for the following application:

Reduce polarization through Human-AI dialogues

for which we did not see any broader reasons to be ethically objectionable ("grundsätzlich ethisch unbedenkbar").

Additional comments:

n/a

Based on this information, it can be assumed that the planned research activities are in accordance with the ethical guidelines of LMU Munich, and that the data processing also complies with research ethics guidelines.

The review of the application was carried out on the basis of the rules of procedure and operations of the Ethics Committee of the LMU Munich School of Management.

Yours sincerely,

Prof. Dr. Stefan Feuerriegel

Chair, Ethics Commission at the LMU Munich School of Management, LMU Munich
